Solar Energy Engineering and Commercialization Fellowship

All eligible recipients must be admitted to the Solar Energy Engineering & Commercialization PSM program for the 2017-2018 academic year. Students must be enrolled full-time and have at least a 3.0 cumulative GPA to maintain eligibility. Financial need is considered for awarding purposes. Domestic students should file a Free Application for Federal Student Aid (FAFSA) and international students should submit their Financial Guarantee form to ASU.

Personal Statement (required)
Your personal statement should outline your academic and career goals. Explain why you decided to pursue the Solar Energy Engineering & Commercialization program, describe your specific research interests, and discuss your academic achievements thus far. (50 word minimum, 500 word maximum)

Financial Need (required)
Describe your financial need, and explain how this award will help you to achieve your academic goals. (50 word minimum, 500 word maximum)
