

Please let your RAA know that there will be cost share on your proposal. Your RAA will work with you to prepare a budget. You will then discuss the budget and requirements with SEMTE (Lenore Dai) to get School approval of the cost share. Please make sure to notify your RAA once approved. Your RAA and SEMTE will then be responsible for obtaining approval from KED and IAFSE Dean's office. You should begin this process as early as possible, as it will take some time to complete.
