

Materials Science

Spring 2017 Seminar Series

School for Engineering of Matter, Transport and Energy

DATE	SPEAKER	TITLE
February 3 12:15 PM 8X	Naresh Thadhani School of Materials Science & Engineering Georgia Institute of Technology	<i>"Meso-Scale Time-Resolved Sensing of Shock Compression Effects in Heterogeneous Materials"</i>
February 17 12:15 PM WG L 101	Michael Strano Dept. of Chemical Engineering Massachusetts Institute of Technology	Title to be announced
March 3 12:15 PM 8X	Wei Chen Dept of Mechanical Engineering Northwestern University	<i>"Design of Emerging Engineered Material Systems"</i>
March 27 10:45 AM BDBB 105	<i>Distinguished Scholar Lecture</i> Norman Wagner Dept of Chemical Engineering University of Delaware	Title to be announced
March 31 12:15PM WG L 101	Mark Asta Dept. Of Materials Science & Engineering University of California, Berkeley	<i>"Computational Modeling for Materials Discovery"</i>
April 21 12:15 PM WG L 101	Amit Misra Dept. Of Materials Science & Engineering University of Michigan	<i>"High-Resolution in situ TEM Studies of Dislocation Dynamics"</i>
